So very sorry to hear about Betty. I worked with her at Western Branch Diesel almost 13 years. She was a genuine person, always smiling, always willing to help, when and where she could. Betty was always multitasking, moving around, busy doing her work. I will miss her, as I know her other co-workers will. I remember Betty sharing her raccoon stories and webcam videos with me. She loved those. May our prayers go out to her family....

Lee, Spencer and family, my thoughts and prayers are with you. Betty was not only a wonderful friend but a "Sister". She was the most generous and good hearted person who I had the privilege of knowing. She was always the first to volunteer for anything. My life has been so enriched by our friendship. We shared such happy memories about life and family. She was such kind hearted person and really cared about others. I enjoyed all her funny stories she would tell. She will be greatly missed but I will have all the wonderful memories we've shared. She will always hold a special place in my heart. Lee you are apart of our Eta Mu Family and if there is anything you need we are here for you! My God give you peace and strength during this time.
