Nan meant a lot to me. I've spent the last five months with her. We talked, laughed, sang, and shared cooking recipes. We would stay up late playing games. We both have a sweet tooth knowing we shouldn't be eating some of the things we ate. She took me under her wing and treated me like family. The love she gave came back to her 100X over. The richest woman I know when it came to love. Nan our time together was short but the memories you gave me will last a lifetime. I love you and know your in a better place now. You have a strong and caring family that I know will carry on your legacy.

Ms. Juanita,
You loved your family and were so proud of them. It was always a pleasure to run into you, at a yard sale most times. You had such wisdom. So glad I had the privilege of knowing you. Rest easy.
