Rene was an exceptional woman and like no one else I have ever met. She did things her way and she left a mark in this world, for sure. It has been a pleasure to know her over the past decade and be a witness to the beautiful love shared between her and William, as well. Simply beautiful. Prayers to the family during this difficult time.

My heart goes out to all of Rene's family. Rene was a kind, and beautiful woman inside and out. She touched a very special place in my heart. The love she and William shared was absolutely beautiful and an inspiration. I am heartbroken by her passing. However, it is comforting to know that her long, hard fought battle is over and she is at peace. Those closest to her know; she is still with us. Rest peacefully dear lady.

Rene got everything she could out of life and always was a positive spirit. She was my Sister in Law and we enjoyed time together in Ohio with our families also in Europe, Florida and Virginia. We all love Rene and her children and grand children surrounded her with love all the way to the end of her life. Her spirit lives on and she on to her next adventure.

Blessings to the family and friends. I'm happy that Renee is at peace, and I'm sure she's having a great time being with her dad and my parents. I'm sure they greeted her with open arms. Hang on to the happy memories of the past, and keep your face toward the sunshine, so you don't see the shadows. Hugs and love.

My thoughts and prayers to your family. I grew up with Rene. I was a few years older and we all rode that crazy school bus together. Renee was always so full of joy, always smiling, always laughing. Heaven certainly has gained a beautiful angel.

Dear William and Family

We share in your sorrow and send our love and prayers to you all. I will never forget one particular time when we ran into each other at the Eagles concert....and me and Renee getting the giggle fits and doing fake British accents together so much fun to be around.

I always felt a connection to Renee in spirit and friendship. Her intelligence and sensitivity to the world could show you to look at things a little differently and for that I thank her.

Rene was a singular spirit unlike anyone I have ever known. She understood her gift for empathy as a blessing and sought ways to employ it in the service and comfort of others in a caring and novel manner all her own. Too smart for convention, she loved all kinds, had no patience for intolerance, and possessed a defiant and irreverent wit that was brilliant and hilarious. There was poetry and assurance in the original way that she framed and experienced the web of spirit and love in the world. And the joy and faith that she found in these connections is a comfort to us now. I am grateful and touched by the wonderful and lasting love that she and William shared. My heart goes out to her children and all of her loving friends and family. She was truly one of a kind, and we are lucky to have shared the time we had with her.

My thoughts and prayers go out to your family. It sounds like you have lost a beautiful soul. One who will live in your hearts forever. It is my hope that you will find comfort in this scripture in the Bible at Acts 24:15 There it tells us that by means of the resurrection God will bring our loved ones back.

With deepest regards
