We are all so saddened over Neil's passing. Over the years, many in our family were able to visit with him. All of us feel your loss. So proud of the children staying close and helping. There was so much I could understand but did not have the encouraging words for you or him. When Tony could no longer drive, there was such a big change and add health issues to that was unbearable at times. We have to keep the good memories and have no regrets. We know we did our best. God Bless you and family.
